

MUG RUG INSTRUCTIONS

A Mug Rug is a small mat that can be used as a coaster for your mugs or cups.

Using the fabric supplied by the BOTM committee as your focal piece.

You can design it anyway you like and complete it as you would a small quilt.

You can enclose it with or without a binding.

The fabric focal piece can be picked up at the Park on a Tuesday or a Thursday
If you decide to participate.

We would also like to add an option to swap the completed item with other
contributing members.

The swap would take place on the Thursday before the February meeting at the
park.

Each Mug Rug entered will be numbered and picked randomly by the participants.
